

A LANDMARK YEAR. A LEGACY IN MOTION.

A Grand Opening, Woven with Legacy and Vision

ntex's contribution goes far beyond trade. It has become a critical engine for industry transformation — It has empowered Sri Lanka and South Asia with direct access to high-performance fabrics, yarns, trims with verified sourcing, and next-gen production tech. Most importantly, it has redefined what regional sourcing can look like in a world that demands both scale and sustainability.

As we celebrate a decade of excellence, we also look ahead — to more innovation, more collaboration, and a new chapter in the global sourcing story that continues to be written, right here in Colombo.

WELCOME TO INTEX SRI LANKA 2025. THE FUTURE OF APPAREL SOURCING.

GLOBAL 400 + BOOTHS SOURCING 250+ COMPANIES BEGINS!! 15+ COUNTRIES

Over the past decade, Intex Sri Lanka has grown into a regional convergence point — where global sourcing strengths meet Sri Lanka's garmenting excellence. This year's edition features one of the most dynamic international line-ups ever seen in South Asia. Across four expansive halls, buyers will access a world of material innovations, supply capabilities, and strategic partnerships.

Returning with scale, reliability, and sourcing diversity — they bring the best of synthetic blends, polyester knits, cotton, lace, embroideries, and high-volume capacities. For buyers seeking breadth and efficiency, this section offers unmatched choice across fabric categories and price points.

India returns bigger and broader with end-toend textile innovation — from fibres to fashion. With strong representation from spinning, knitting, dyeing, printing, accessories, and value-added services, the India Pavilion remains a sourcing powerhouse. Performance textiles, sustainable blends, natural fibres, and smart finishes come together under one roof, showcasing India's complete supply chain capacity. Backed by leading trade bodies including TEXPROCIL, FIEO, PDEXCIL, and MATEXIL, this year's participation reflects India's collective strength across the textile value chain.

Making its debut, the Sri Lanka Pavilion is organised by FAAMA (Fabric and Apparel Accessory Manufacturers' Association). It presents Sri Lanka's core strengths in knitted fabrics, performance-driven and blended textiles, Apparel Accessories, Workwear, Uniform & Sportswear Solutions. A celebration of local innovation and craftsmanship, the pavilion underscores the nation's growing capability in niche and valueadded segments.

Indonesia Pavilion

Another debut at Intex Sri Lanka, is the Indonesia Pavilion, supported by the Indonesian Embassy in Colombo and Indonesian Textile Association (API) Indonesia showcases its growing edge in sustainable production and circular materials. From natural dyes to ecofriendly blends, the Indonesia Pavilion offers refreshing sourcing opportunities backed by strong government and industry support.

Korea Pavilion (•

South Korea joins Intex for the first time with a pavilion organised by KOTRA Colombo and KTTA (Korean Textile Trading Association). Expect high-functionality fabrics, smart textile applications, sustainable synthetics, and innovation-first design — all tailored for activewear, athleisure, and next-gen fashion. It's the go-to zone for cutting-edge performance textiles.

Pakistan Pavilion

The Pakistan Pavilion presents a rich array of apparel fabrics, denim, knitwear, and blended yarns. Backed by the Trade Development Authority of Pakistan, it reflects the country's strength in quality, innovation, and global sourcing.

Other Suppliers

Other industry suppliers are particularly from Taiwan, Hong Kong, United Kingdom, the United States, Sri Lanka and others add further richness to the Intex Sri Lanka sourcing experience. These exhibitors bring a diverse range of strengths—from eco-friendly fabrics and premium loungewear materials, trims, natural dyes and heat-resistant textiles to recycled polyester-nylon blends and premium cotton fibers, exhibitors offer a diverse range of specialized products offering buyers unique and niche sourcing opportunities.

Buyer Delegations

High-level sourcing teams from South Asia, Middle East, ASEAN, MENA, and CIS regions are attending — making Intex 2025 a strategic networking ground. Decision-makers from leading fashion brands, retailers, and manufacturing groups will explore partnerships, forge new supply links, and collaborate on innovation-driven solutions.

OUR PARTNERS IN PROGRESS

At Intex Sri Lanka 2025, we are honoured to join hands with some of the industry's most trusted names whose values align deeply with our mission of building a transparent, ethical, and future-ready textile ecosystem.

Our Sustainability Partner

Eurofins Softlines & Hardlines is a proud supporter of Intex Sri Lanka!

We empower brands, retailers, and manufacturers with performance testing, RSL testing, and sustainability services that allow them to thrive in an increasingly complex regulatory landscape.

Meet our experts at **Booth A-7 in Hall 1 to learn more.**

Our Traceability Partner

Complementing this vision is Kasturi Cotton, our Traceability Partner, whose commitment to quality and integrity underscores the importance of certified sourcing and transparent cotton value chains in today's global marketplace. Amplifying the spirit of celebration and global connectivity,

See us at Booth C-1 in Hall1

Our Branding Partners

We're also happy to welcome SUPERDRY, whose innovative desiccant technology keeps garments and raw materials dry and mold-free — reducing wastage and supporting sustainable logistics in the textile supply chain.

ORITAIN joins us as a branding partner, offering scientific verification of the origin and authenticity of raw materials like cotton and wool — helping brands build trust and transparency.

Visit ORITAIN **Booth C-9 in Hall 2**

These powerful collaborations are not just partnerships — they are a testament to Intex's decade-long legacy of shaping the future of South Asia's textile industry through trust, innovation, and shared purpose.

KASTURI COTTON BHARAT (KCB) PROGRAMME – INDIA & SRI LANKA COLLABORATION

Date & Time: 6 August 2025 (Wednesday), 11:30 AM – 12:30 PM Venue: Tulip & Saffron Hall, BMICH

Implemented by TEXPROCIL under India's Ministry of Textiles and CCI, this session facilitates direct interaction between Sri Lanka's textile/apparel stakeholders and Indian Kasturi Cotton representatives. Focus areas include co-branding opportunities, sustainable fiber sourcing, and traceability in supply chains. A working lunch will follow for deeper networking.

Registration: Mandatory

B2B INTERACTION WITH INDONESIA TEXTILE DELEGATION

Date & Time: 7 August 2025 (Thursday), 9:30 AM – 10:30 AM Venue: Tulip & Saffron Hall, BMICH

Organized by the Embassy of Indonesia in Colombo, this session brings together JAAF (Sri Lanka) and Indonesian textile leaders to explore production partnerships, technology exchange, and regional trade expansion.

 $Light \, refreshments \, will \, be \, served.$

Registration: Mandatory

Free Entry, Limited Seats

WHERE VISIONARIES REIMAGINE FASHION'S FUTURE

The Interactive Business Forum (IBF)—South Asia's premier knowledge-sharing platform—returns to Intex Sri Lanka 2025 with deeper insights, sharper foresight, and a dynamic speaker lineup. Over two days, the IBF brings together industry leaders, brand strategists, and sustainability pioneers for high-impact panel discussions, offering attendees the clarity and foresight needed to navigate a fast-evolving textile landscape.

Day 1

Apparel 2030: Re-Stitching Fashion's Future 6th August | 2.00 PM - 4:00 PM | Mihilaka Medura Followed by Networking and High Tea Reception

Themes:

Circular Fibres & Sustainable Materials

Unveiling the next wave of eco-innovation — from biodegradable blends to closed-loop production models that aim to reimagine waste as value.

Traceability in Textiles

How global brands are leveraging traceability tools to build transparency, trust, and compliance across complex supply chains.

Smart Textiles & Wearable Innovations

From performance fabrics that adapt to your body to wearables that merge fashion with function — explore the cutting edge of apparel technology driving the future of clothing.

Day 2

Trust Over Trends: Building Brands Consumers Trust 7th August | 2.00 PM - 4:00 PM | Mihilaka Medura Followed by Networking and High Tea Reception

Themes:

Staying Rooted, Staying Relevant

Challenges & Strategies for Offline Brands in a Fast-Changing Landscape.

From Legacy to Login

How Global Brands are Strengthening Their Online Presence to Stay Competitive.

The Brand Advantage

Storytelling, Talent & Strategic Visibility in a Crowded Market Building trust today goes beyond product quality.

Building Consumer Trust Through Verified Sourcing

This discussion unpacks how verified sourcing practices can enhance transparency, reinforce credibility, and create deeper trust between brands and buyers.

PANEL MEMBERS

Thilanka Ranatunga Mudalige Chief People Officer, INQUBE Global

Iyantha Tennakoon

Former Group Director, Walmart Sourcing

Oshada Senanayake Director, Brandix Apparel Pvt. Ltd.

Darpan Shukla Verticality Brandix Apparel

MODERATOR

Mr. Marc Lewkowitz President and CEO of Supima

Stephanie ThiersRatcliffe Sr. Director, Cotton Council International

Dulshan Kariyawasam Director, Elite Feet Hosiery Pyt. Ltd. General Secretar, MUTA

tep into the cutting edge of garment technology at InMac 2025, where the future of apparel manufacturing takes center stage. Running alongside Intex Sri Lanka, InMac is not just a showcase — it's an innovation hub for the industry's most advanced production solutions.

This year's edition brings together leading machinery manufacturers and solution providers from across Italy, China, Korea, Taiwan, USA, Poland, Japan, France, Turkey, Switzerland, India, Sri Lanka, and beyond. From automated sewing systems and precision cutting machines to digital printing innovations, twisting and winding solutions, bonding tech, HVAC systems, packaging units, spare parts, and finishing tools — InMac is where performance meets progress.

As global demand for sustainable and agile production ecosystems rises, InMac is playing a critical role in helping factories transform operations with smarter, faster, and greener technologies. Whether you're looking to upgrade efficiency, reduce waste, or integrate sustainability into your production line, InMac is your one-stop sourcing zone.

Meet the brands driving Apparel 2030. Discover the tools that power speed-to-market. And explore how InMac is setting a new benchmark for manufacturing excellence in South Asia.
